

Will you be best remembered and visited in the new National Cemetery or our exclusive Veterans Honor Court?

With all due respect, the services through our "America the Beautiful" Chapel, legacy, and convenience of location we provide attests to the fact that we have far more memorable memorialization facilities for your family and visitors to come and return to admire.

Military Honors at the Shrine of Remembrance Veterans Honor Court pavilion with our recently-completed Liberty Columbarium.

*Unforgettable Events
Demand an Unparalleled Location*

In our Veterans Honor Court alone, there are six separate, stately, above-ground columbariums with as many beautiful rose gardens, providing a place of enchanting remembrance for families to choose from. At the new local National Cemetery all individual cremation urns will be buried and memorialized in the ground. The difference is night and day, at least for now. Above it all, our **Liberty Columbarium** at our Veterans Honor Court, together with all the war theatre and peacetime memorials here, speaks volumes. This latest columbarium, in its entirety, is made of beautiful **imported Bahama Blue granite** and the entire structure weighs over 9 tons and is crowned with an imperishable bronze sculpture from Italy depicting our nation's symbol, the bald eagle, towering atop this more than 14-foot high monument. *For a limited time couples who qualify for our Veterans Program will receive 50% savings on cremation. Ask us for details.*

You must see our new veterans columbarium to experience the glory and solemnity of this site. Two U.S. Presidents have recognized our Veterans Honor Court. Many dignitaries and some of the highest military officials in the country have unveiled and dedicated numerous memorials here over the last 40 years. This site offers the dignity that every veteran longs for. (We are always respectful of your wishes regardless of the place of burial you choose.)

*"Freedom is never more than one generation away from extinction. We didn't pass it on to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children what it was once like in the United States when men were free."
- Ronald Reagan*

This poignant quote from former President Ronald Reagan is inscribed on the base of the majestic bronze eagle atop the new Liberty Columbarium.
